## UPCOMING CALLS/EVENTS

### ***Ambient Air Quality/EPA/NTAA/Tribes***

**NTAA Upcoming Calls.** The toll-free number is 1-800-309-2350. If you do not need to call toll free, or would like to help conserve NTAA funding, you can call 1-805-309-2350. Both numbers use code 928-523-0526#.

Contact [Andy.Bessler@nau.edu](mailto:Andy.Bessler@nau.edu) if you have any questions about any call!

<b>Indoor Air Quality Work Group:</b> Help set priorities and plan the upcoming Federal listening session.	Thursday, August 17, 2pm ET Tuesday, September 19, 2pm ET
<b>EPA Policy Update Call:</b> Receive updates from EPA	Thursday, August 31, 2pm ET
<b>Volkswagen Settlement Work Group:</b> Stay informed about the VW settlement with these monthly calls	Thursday, September 7, 2pm ET

### **National Ambient Air Quality Standards (NAAQS) 3-Part Webinar Series**

The U.S. Environmental Protection agency (EPA) is hosting a three-part webinar series on the National Ambient Air Quality Standards (NAAQS) for communities. Under the Clean Air Act (CAA), the EPA is required to set the NAAQS and review those standards every five years for six common air pollutants (also known as "criteria" air pollutants). There are NAAQS for ground-level ozone (O<sub>3</sub>); particulate matter (PM); carbon monoxide (CO), lead (Pb), sulfur dioxide (SO<sub>2</sub>), and nitrogen dioxide (NO<sub>2</sub>). These criteria air pollutants are found all across the United States and can harm your health, the environment, and cause property damage.

In this webinar series you will learn how the EPA: 1) sets, reviews and revises the primary (health) and secondary (environmental) standards; 2) designate areas that are meeting or not meeting these standards; and 3) works with areas to meet and maintain these standards.

During each 90-minute webinar, there will be an overview presentation of the topic followed by a question and answer session.

**WEBINAR SERIES LINE-UP:**

**Webinar #1: NAAQS (101)** (This session date has passed.)

**Webinar #2: NAAQS – Designations** (This session date has passed)

**Webinar #3: NAAQS - Implementation**

(This session will discuss how to attain & maintain the NAAQS and what role the community can play in the implementation process.)

- Date: Wednesday, August 30, 2017
- Time: 1:00 -2:30 PM EST
- Participant Dial-in Number: (800) 309-5450
- Conference ID: 30986885
- Webinar Link: <https://epawebconferencing.acms.com/naaqs-implement>

How to Participate: You do not need to register in advance for these webinars. To participate, please click on the webinar link at the date and time shown above. Audio for the webinar will be delivered through the phone line. It is recommended that you call in 15 minutes before the webinar's start time to ensure your participation.

To Join a Webinar: Click on the link and follow these instructions:

1. Click "Enter as a Guest"
2. Type in your first & last name and organization
3. Click "Enter Room"

You will be in the room!

\*Make sure to use the participant call in number and conference ID for audio\*

If you have never attended an Adobe Connect meeting before, we highly recommend that you test your connection:

[http://epawebconferencing.acms.com/common/help/en/support/meeting\\_test.htm](http://epawebconferencing.acms.com/common/help/en/support/meeting_test.htm)

We look forward to your participation and encourage you to share this invitation with others in the community who may be interested. Information about the NAAQS can be found at: <https://www.epa.gov/criteria-air-pollutants> and <https://www.epa.gov/criteria-air-pollutants/process-reviewing-national-ambient-air-quality-standards>.

For questions about the webinars, please contact Rhonda Wright at [wright.rhonda@epa.gov](mailto:wright.rhonda@epa.gov).

### **ITEP's 2017 and 2018 AIAOTP Course Schedule**

<b>Course Title</b>	<b>Dates</b>	<b>Location</b>
<b>2017</b>		
Indoor Air Quality – Level 1	September 26-28	Tulsa, OK
Air Quality & IAQ in Alaska	October 10-13	Nome, AK
IAQ Diagnostic Tools	October 24-27	TAMS Center, Las Vegas, NV
Fundamentals of Air Monitoring	December 4-6	TAMS Center, Las Vegas, NV
<b>2018</b>		
Introduction to Air Quality	January 9-12	Flagstaff, AZ
Treatment As State	February 6-8	TAMS Center, Las Vegas, NV
Air Quality Computations	February 27-March 2	Phoenix, AZ
IAQ in AK – Level 1	March 13-15	Alaska
Air Pollution Technology	March 20-23	Flagstaff, AZ
GIS for Air Quality	April 17-19	TAMS Center, Las Vegas, NV
Air Pollution & Ecosystems	May 15-18	Flagstaff, AZ
Management of Tribal Air Programs and Grants	June 5-7	TBD
Quality Assurance (QA) Fundamentals	Open	Online
Building Performance: Improving Energy Efficiency & IAQ	TBD	Online
Radon Fundamentals	Open	Online
Tribal Data Toolbox	TBD	Instructor-led Online

Air Quality Planning for Wildland Smoke	Dates TBD	Hybrid (online and classroom)
---	-----------	-------------------------------

Note: This schedule is subject to change. [Click here](#) for up-to-date information, course descriptions, and applications. If you have questions regarding the pre-requisites or your eligibility for this course, please contact Patricia Ellsworth, Air Quality Curriculum Coordinator, at [Patricia.Ellsworth@nau.edu](mailto:Patricia.Ellsworth@nau.edu) or phone 928-523-6721. For more information, please visit [ITEP's website](#).

**Northern Arizona University (NAU) and the Institute for Tribal Environmental Professionals (ITEP) are pleased to offer unique, tribally focused, professional development training to new and seasoned professionals through interactive online courses.** Upon completion, participants will receive a certificate equivalent to the continuing education units (CEUs) identified for each course. Visit <https://itep.scholarlms.com/catalog/> to view available courses. Newly available online courses include:

\* **Tribal Strategic Planning: Ensuring Successful Development of Your ETEP** provides tribal environmental professionals with tools and resources to develop tribal-specific approaches to strategic planning with tribal leadership, elected officials, governmental agencies, and other organizations when developing your ETEP or other Tribal Strategic Plans. Registration for this online course is \$300. This course carries 1.0 continuing education unit (CEU) and requires approximately ten hours of total learning time.

\* **Partnerships and Community Outreach** provides tribal environmental professionals with tribal-specific tools and resources to engage their community and other stakeholders in the development and implementation of their tribal work plans. Registration for this online course is \$150. This course carries 0.5 continuing education units (CEUs) and requires approximately five hours of total learning time.

**Why is ITEP charging for these online courses and others are free?**

ITEP offers both free and for-fee courses, which are determined by current funding sources. The online courses described above are for-fee and have paid instructors to ensure your individual questions are answered in a timely manner. Free courses, listed below, have been developed with federal grant funding and are facilitated by ITEP staff that work with volunteer subject matter experts to field questions.

Courses currently available and free of charge include:

- >> Introduction to Brownfields (0.4 CEUs)
- >> Brownfields Tribal Response Program Fundamentals (0.5 CEUs)
- >> Radon Fundamentals (0.7 CEUs)
- >> Quality Assurance Fundamentals (1.2 CEUs)

- >> Building Performance: Improving IAQ in Cold Climates (0.8 CEUs)
- >> Emissions Inventory Fundamentals (5.0 CEUs)
- >> Introduction to Rural Alaska Landfill Administration (0.5 CEUs)
- >> Residential Building Science Review (0.4 CEUs)

For any questions, contact [Natasha.Fulton@nau.edu](mailto:Natasha.Fulton@nau.edu) at 928-523-0673 or [Jennifer.Williams@nau.edu](mailto:Jennifer.Williams@nau.edu) or 907-250-3826.

## ***Climate Change / Energy***

### **2017 Southwestern Tribal Climate Change Summit**

The La Jolla Band of Luiseño Indians, Institute of Tribal Environmental Professionals, University of San Diego's Climate Education Partners (CEP), and the Climate Science Alliance are collaborating on the *2017 Southwestern Tribal Climate Change Summit*. Registration is now open and please forward to your contacts!

Location: *University of San Diego*

When: *September 19-21, 2017*

Website: [http://www7.nau.edu/itep/main/tcc/Home/swtcc\\_Summit](http://www7.nau.edu/itep/main/tcc/Home/swtcc_Summit)

NOTE:

- ✓ *Southwestern Tribes will receive first preference.*
- ✓ *If you submit a registration form, you must also submit an "Attendee Expectation Form."*

Contact: Contact [Nikki.Cooley@nau.edu](mailto:Nikki.Cooley@nau.edu) with any questions.

## ***Toxics/Mobile Sources***

### ***Indoor Air Quality***

**ITEP's Indoor Air Quality in Tribal Communities:** a Level 1 course for Tribes in the Lower 48

September 26-28, 2017. Tulsa, Oklahoma

**Course Description:** This entry-level course is designed to provide an understanding of common indoor air quality (IAQ) problems in tribal homes and schools. The course includes an overview of indoor air pollutants and their health effects, and tips for solving IAQ problems. There will be hands-on practice with a comprehensive assessment checklist used to identify IAQ problems. This course consists of lectures and a tribal case study, demonstrations, small-group activities, and a building walk-through.

**Topics Include:**

- Indoor air concerns in tribal communities
- Overview of building science
- Mold and its health effects
- IAQ pollutants and cancer
- IAQ and asthma
- Hazardous materials in homes and schools
- Combustion products
- Equipment for assessing IAQ
- Outreach: prevention of IAQ problems
- Collaboration and resources

There is no prerequisite for this course. Preference will be given to tribes who submit applications from TWO different departments: environmental, housing, and/or health. Preference will also be given to applicants who have an indoor air quality task in a grant work plan.

**Please note:** this course is a **pre-requisite** for ITEP's Level 2 course, Indoor Air Quality Diagnostic

Tools for Tribal Professionals.

**Pre-Requisites:** None

### **Conference of Radiation Control Program Directors announces National Radon Training Conference to be held on October 2-4, 2017**

CRCPD is pleased to announce that the 27<sup>th</sup> National Radon Training Conference announcement and registration has been posted to the CRCPD website. You may access the 27<sup>th</sup> National Radon Training Conference that includes the agenda, hotel, registration, and transportation information by click this link <http://www.crcpd.org/events/EventDetails.aspx?id=882978>.

## **RESOURCES**

### ***Now Hiring!***

**The Western Conservation Foundation (WCF), a 501(c)3 organization, seeks to recruit an entrepreneurial Energy Program Manager**

Candidate will empower new leaders for clean energy and climate in Colorado, Nevada and across the West. Candidates should be entrepreneurial, detail-oriented self-starters with 6+ years of work experience in campaigns and advocacy. Strong

verbal and written communication skills required. Position is located in Denver, although we will consider candidates in NV, AZ or other interior west locations. Interested candidates should submit a resume and cover letter with a personal or professional example of tenacity to [jobs@wcfnd.org](mailto:jobs@wcfnd.org) with subject line referencing “Energy Program Manager Opening” by August 18<sup>th</sup>. WCF is an equal opportunity employer.

For full job description, please contact [jobs@wcfnd.org](mailto:jobs@wcfnd.org).

### **Navajo Natural Heritage Program Is Seeking Two Interns**

The Navajo Natural Heritage Program is looking for two interns for the Native Plant Internship program, starting Nov 1. Interns would be based out of Flagstaff, AZ, and would be helping with rare plant monitoring, seed collecting, herbarium curation, and would be completing a 15-week horticulture assistantship with the Flagstaff Arboretum. They would also be engaging with community members across Navajo and talking with Navajo agencies about native plants needs for restoration and cultural purposes.

Candidates with a tribal affiliation will be prioritized, but all applicants will be considered. Please contact Nora Talkington at [ntalkington@nndfw.org](mailto:ntalkington@nndfw.org) for more information.

Attention Region 10 Tribes and Native Villages:

Region 10 Tribal Radon Survey Open until September 1<sup>st</sup>.

The goal of this survey is to gather information about past and current radon efforts and radon needs for Region 10 tribes and Alaska Native Villages. Results from the survey will be used to identify tribal radon strengths, barriers to radon work, and opportunities for solutions.

The survey should take between five and fifteen minutes to complete. We recommend discussing the questions with your tribal housing or environmental office and submitting one survey. Survey link will remain live for one week from when you start the survey. All responses will remain anonymous.

Link to the Survey: R10 Tribal Radon Survey

[https://miamioh.qualtrics.com/jfe/form/SV\\_9udlBAM0b7WSTwF](https://miamioh.qualtrics.com/jfe/form/SV_9udlBAM0b7WSTwF)

Thank you and if you have any questions, please contact:

Carolyn Kelly, Quinault Nation Air Quality, [ckelly@quinault.org](mailto:ckelly@quinault.org) or 360.276.8215 ext. 7310

## **FUNDING OPPORTUNITIES**

### ***Ambient Air Quality/EPA/NTAA/Tribes***

#### **ANTHC opens RFPs for Air Quality Sub-Awards**

Alaska Native Tribal Health Consortium (ANTHC) recently released their FY18 Request for Proposals for Air Quality Sub-Awards. These sub-awards provide funding for federally recognized tribes in Alaska to address air quality concerns in their communities. Proposals should describe a project that will address an air quality concern in a tribal community such as road dust, indoor air quality, solid waste burning, ambient air pollution, and wood smoke. Awards can be funded up to \$20,000 and are limited to one sub-award per tribe. If an air quality project includes any type of monitoring, assessment/surveys, or data collection, ANTHC will assist in the development of the required Quality Assurance Project Plan. This opportunity is competitive and is funded by a Clean Air Act grant from the US Environmental Protection Agency – Region 10 that is administered by ANTHC.

DEADLINE: August 31, 2017

Please note: These Sub-awards are competitive and limited to only one Sub-award per Tribe. Please see the eligibility requirements below as they have changed from FY'17.

Eligibility Requirements:

- Federally recognized Tribes within the State of Alaska
- Federal Tax ID Number & DUNS (Data Universal Numbering System) included with application
- Completed Phase I Air Quality Assessment submitted before or with application

Application Point Breakdown: *(Please see application for full breakdown)*

- Community Information (5 points)
- Description of the current air quality situation and problems posed by the situation (40 points)
- Project Capacity (10 points)
- Grant Timeline (15 points)
- Itemized Budget (10 points)
- Narrative Budget (10 points)
- Documented Support (10 points)
- Attachments: Pictures, Letters of Support, Negotiated Indirect Cost Rate Agreement *(if applicable)*

Total maximum points = 100

Please use the below contacts to request detailed instructions on the grant application, a sample cooperative agreement, as well as an ANTHC Phase I Air Quality Assessment tool that **MUST** be completed and submitted along with the grant proposal.

Please submit your completed Sub-Award application to:

Fax: 1-888-500-1205

Email: [air@anthc.org](mailto:air@anthc.org)

If you have any questions about grant ideas, eligibility, or need additional information, please do not hesitate to contact any of us directly.

## **FY 2017 Economic Development Assistance Programs, Department of Commerce**

Full details [here](#)

There are no submission deadlines under this opportunity.

Funding range: \$100,000 to \$3,000,000

The Economic Development Administration (EDA) solicits applications from applicants in rural and urban areas to provide investments that support construction, non-construction, technical assistance, and revolving loan fund

projects under EDA's Public Works and Economic Adjustment Assistance programs. Grants and cooperative agreements made under these programs are designed to leverage existing regional assets and support the implementation of economic development strategies that advance new ideas and creative approaches to advance economic prosperity in distressed communities. EDA provides strategic investments on a competitive- merit-basis to support economic development, foster job creation, and attract private investment in economically distressed areas of the United States. There are no submission deadlines under this opportunity. Proposals and applications will be accepted on an ongoing basis until the publication of a new Economic Development Assistance Program Federal Funding Opportunity announcement.

### **U.S. EPA Air Grants and Funding:**

EPA's Office of Air and Radiation (OAR) announces competitive funding announcements for projects and programs relating to [air quality](#), [transportation](#), [climate change](#), [indoor air](#) and other related topics. [This page](#) provides access to information about current funding opportunities under 'Open Announcements' and also provides as a reference tool, all previously announced funding announcements listed below and in archives under 'Closed Announcements.'

#### **Attention Tribes in Region 10:**

#### **U.S. Environmental Protection Agency's Region 10 STATE INDOOR RADON GRANT (SIRG)**

The U.S. Environmental Protection Agency (EPA) Region 10, is announcing the availability of indoor radon grants for Tribes. This State Indoor Radon Grant (SIRG) is critical to the Agency's national goal of minimizing and preventing radon-related lung cancer. Tribes may receive grant funds from EPA that help finance their radon risk reduction projects. To be eligible, tribal grant recipients are required to provide a minimum of 25% non-federal match for the first year of SIRG project; and 40% match in subsequent years of the project. Multiyear project

proposals are not required. Total EPA Region 10 grant funding available for Tribes is \$24,000.

Please contact the RSO as soon as possible so the work plan can be submitted by 07/21/2017 and the application is completed by the deadline 08/18/2017. For more information about the SRIG can be [found here](#).

**The Tribal Healthy Homes Network (THHN) has a webpage dedicated to [Funding Opportunities](#)!** Additionally, THHN has developed a [Funding Guide for American Indian and Alaska Native Communities](#).
